## Product Datasheet

### Sheep anti Human Factor I, Clone: [Polyclonal], Monoclonal NMB-SHAHU/FI

Artikelname	Sheep anti Human Factor I, Clone: [Polyclonal], Monoclonal
Artikelnummer	NMB-SHAHU/FI
Hersteller Artikelnummer	ShAHu/FI
Alternativnummer	NMB-SHAHU/FI
Hersteller	NordicMubio
Wirt	Sheep
Kategorie	Antikörper
Produktbeschreibung	The reactivity of the antiserum is restricted to factor I. In immunoelectrophoresis and radial immunodiffusion, using various antiserum concentrations against human EDTA plasma a single precipitin line is obtained and shows a reaction of full identit...
Klonalität	Monoclonal
Klon-Bezeichnung	[Polyclonal]
NCBI	<a href="#">3426</a>
UniProt	<a href="#">P05156</a>
Puffer	Delipidated, heat inactivated, lyophilized, stable IgG fraction. No preservative added. Total protein and IgG concentration are comparable to those of pooled normal sheep serum. No foreign proteins added. Reconstitute the lyophilized antiserum by adding

Quelle	Factor I is a serine protease composed of two disulphide-linked chains. The protein has a molecular weight of 88.000 and its mean concentration in human plasma is 35 µg/ml. It is involved in the regulation of the C3/C5 convertase of either pathway. Using
Formel	Delipidated, heat inactivated, lyophilized, stable IgG fraction. No preservative added. Total protein and IgG concentration are comparable to those of pooled normal sheep serum. No foreign proteins added.
Anwendungsbeschreibung	Precipitation assays. In immunoelectrophoresis in agarose-plates use 2 µl human plasma or equivalent against 120 µl antiserum. In double radial immunodiffusion use a rosette arrangement with 10 µl antiserum in 3 mm diameter center well and 2 µl plasma sa
