## Product Datasheet

### Sheep anti Human salivary amylase, Clone: [Polyclonal], Monoclonal NMB-SHAHU/SAMY

Artikelname	Sheep anti Human salivary amylase, Clone: [Polyclonal], Monoclonal
Artikelnummer	NMB-SHAHU/SAMY
Hersteller Artikelnummer	ShAHu/sAmy
Alternativnummer	NMB-SHAHU/SAMY
Hersteller	NordicMubio
Wirt	Sheep
Kategorie	Antikörper
Produktbeschreibung	The reactivity of the antiserum is restricted to salivary amylase. In immunoelectrophoresis and radial immunodiffusion, using various antiserum concentrations against human saliva a single precipitin line is obtained and shows a reaction of full iden...
Klonalität	Monoclonal
Klon-Bezeichnung	[Polyclonal]
NCBI	<a href="#">276,277,278</a>
UniProt	<a href="#">P04745</a>
Puffer	Delipidated, heat inactivated, lyophilized, stable antiserum. No preservative added Total protein and IgG concentration are comparable to those of pooled normal sheep serum. No foreign proteins added Reconstitute the lyophilized antiserum by adding 1 ml

Quelle	Human salivary amylase is an enzyme hydrolyzing the alpha-1,4-glucan links in polysaccharides. Its molecular weight is 55,000. The immunogen has been isolated from pooled saliva and purified to homogeneity for use in the antiserum production. Freund's co
Formel	Delipidated, heat inactivated, lyophilized, stable antiserum. No preservative added Total protein and IgG concentration are comparable to those of pooled normal sheep serum. No foreign proteins added
Anwendungsbeschreibung	Precipitation assays. In immunoelectrophoresis in agarose-plates use 2 µl human saliva or equivalent against 120 µl antiserum. In double radial immunodiffusion use a rosette arrangement with 10 µl antiserum in 3 mm diameter center well and 2 µl plasma sa
