VISTA Stable Cell Line-H ABI-14-519ACL

Artikelname	VISTA Stable Cell Line-H
Artikelnummer	ABI-14-519ACL
Hersteller Artikelnummer	14-519ACL
Alternativnummer	ABI-14-519ACL-1VIAL
Hersteller	Abeomics
Kategorie	Zellen/Zellkultur
Applikation	FA
Produktbeschreibung	VISTA Stable Cell Line-H is a stably transfected HEK293 cell line which expresses human V-type immunoglobulin domain-containing suppressor of T-cell activation (VISTA, also known as VSIR, B7-H5, PD-1H, and SISP1). Sequence data: hVISTA (accession num...
Application Verdünnung	Application:.. Screen for antibodies of human VISTA through Flow Cytometry. Culture conditions: Cells should be grown at 37C with 5% CO2 using DMEM medium (w/ L-Glutamine, 4.5g/L Glucose and Sodium Pyruvate) supplemented with 10% heat-inactivated FBS and
