SARS Nucleocapsid Protein ABI-32-5370

Artikelname	SARS Nucleocapsid Protein
Artikelnummer	ABI-32-5370
Hersteller Artikelnummer	32-5370
Alternativnummer	ABI-32-5370-20UG
Hersteller	Abeomics
Kategorie	Proteine/Peptide
Produktbeschreibung	Source : Escherichia coli. The Recombinant SARS-CoV Nucleocapsid Protein is manufactured with N-terminal fusion HisTag. The Recombinant SARS-CoV Nucleocapsid His-Tagged Fusion Protein is 47.8 kDa containing 422 amino acid residues of the SARS-CoV Nucl...
Reinheit	Greater than 95% as determined by SDS-PAGE.
Formel	Sterile filtered and lyophilized from 0.5 mg/ml in 0.05M Acetate buffer pH4.
Application Verdünnung	Add 0.2 ml of 0.1M Acetate buffer pH4 and let the lyophilized pellet dissolve completely. For conversion into higher pH value, we recommend intensive dilution by relevant buffer to a concentration of 10µg/ml. In higher concentrations the solubility of th
