## Product Datasheet

### Anti-GLUC | beta-glucosidase, Biotin conjugated, Polyclonal AGR-AS09-450

|                          |   |
|--------------------------|---|
| Artikelname              | Anti-GLUC   beta-glucosidase, Biotin conjugated, Polyclonal   |
| Artikelnummer            | AGR-AS09-450  |
| Hersteller Artikelnummer | AS09-450  |
| Alternativnummer         | AGR-AS09-450  |
| Hersteller               | Agrisera  |
| Wirt                     | Rabbit  |
| Kategorie                | Antikörper  |
| Applikation              | ELISA, IF, IHC, WB  |
| Immunogen                | Native beta- glucosidase purified from almonds  |
| Konjugation              | biotin  |
| Produktbeschreibung      | Beta-glucosidase (EC=3.2.1.21) is an enzyme which catalyses the hydrolysis of terminal non-reducing residues in beta-D-glucosides with release of glucose acting upon beta1->4 bonds linking two glucose or glucose-substituted molecules.... |
| Klonalität               | Polyclonal  |
| Reinheit                 | Purified IgG in PBS pH 7.2.   |
| Formulierung             | Lyophilized   |
| Antibody Type            | Polyclonal Antibody   |
| Application Verdünnung   | 1 : 1000-1 : 100 000 (ELISA), (IF), (IHC), (WB)   |

Anwendungsbeschreibung

Biotin/IgG protein molar ration is approximately 6,2, No foreign proteins are added
