| Hersteller               | Agrisera                                                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                                                                  |
| Applikation              | WB                                                                                                                                                                                                          |
| Spezies Reaktivität      | A. thaliana                                                                                                                                                                                                 |
| Immunogen                | KLH-conjugated peptide derived from Arabidopsis thaliana AGO6<br>UniProt: O48771 TAIR:At2g32940                                                                                                             |
| Produktbeschreibung      | AGO6 (Argonaute 6) belongs to a group of argonaute proteins which are catalytic component of the RNA-cludes silencing complex (RISC). This protein complex is responsible for the gene silencing (RNAi).... |
| Klonalität               | Polyclonal                                                                                                                                                                                                  |
| Molekulargewicht         | 116,4   99 kDa                                                                                                                                                                                              |
| NCBI                     | <a href="#">817856</a>                                                                                                                                                                                      |
| UniProt                  | <a href="#">O48771</a>                                                                                                                                                                                      |

|                        |                                                                               |
|------------------------|-------------------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified serum in PBS pH 7.4.                              |
| Formulierung           | Lyophilized                                                                   |
| Antibody Type          | Polyclonal Antibody                                                           |
| Application Verdünnung | 1 : 1000 (WB)                                                                 |
| Anwendungsbeschreibung | AGO6 expression is cell specific, Seedlings can be used as a negative control |
