Rabbit purified IgG () AGR-AS10-916

| | |
|--------------------------|--|
| Artikelname | Rabbit purified IgG () |
| Artikelnummer | AGR-AS10-916 |
| Hersteller Artikelnummer | AS10-916 |
| Alternativnummer | AGR-AS10-916 |
| Hersteller | Agrisera |
| Wirt | Rabbit |
| Kategorie | Antikörper |
| Applikation | ELISA, WB |
| Produktbeschreibung | Purified rabbit IgG contains Protein A purified rabbit IgG from normal serum, e.g. serum of non immunized animals and is excellent for use as blocking reagent in immunoassays.... |
| Reinheit | Total IgG. Protein A purified IgG in 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2. Contains 0.05 % sodium azide. |
| Formulierung | Liquid, 0.2 m filtered. |
| Antibody Type | Secondary Antibody |
| Application Verdünnung | The optimal dilution has to be determined by end user. |
| Anwendungsbeschreibung | This antibody is suitable for use in ELISA (ELISA), WB, IHC, ICC, CL, Flow cyt, IM,IF, and as a blocking reagent or control, The optimal working dilution shouldbe determined by the investigator, |
