## Product Datasheet

### **Rabbit anti Human alpha-1 foetoprotein, conjugated with FITC, Clone: [Polyclonal], Monoclonal NMB-RAHU/AFP/FITC**

Article Name	Rabbit anti Human alpha-1 foetoprotein, conjugated with FITC, Clone: [Polyclonal], Monoclonal
Biozol Catalog Number	NMB-RAHU/AFP/FITC
Supplier Catalog Number	RAHu/AFP/FITC
Alternative Catalog Number	NMB-RAHU/AFP/FITC
Manufacturer	NordicMubio
Host	Rabbit
Category	Antikörper
Conjugation	FITC
Product Description	The reactivity of the antiserum is restricted to alpha-foetoprotein. In immunoelectrophoresis and radial immunodiffusion, using various antiserum concentrations against amniotic fluid, hepatoma sera and purified alpha-foetoprotein a single precipitin...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
UniProt	<a href="#">P02771</a>
Buffer	FITC-coupled purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added. It is reconstituted by adding 1 ml sterile distilled water, spun down to remove insoluble particles, divided into

Source	Purified human alpha-foetoprotein is isolated from pooled amniotic fluid and hepatoma serum, using a proprietary multiple step method. Several foetoproteins have been demonstrated in human foetal serum and amniotic fluid. One of the best studied is the a
Formula	FITC-coupled purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added.
Application Notes	ELISA, Immunocytochemistry, Immunohistochemistry (frozen), (In)direct immunofluorescence.
