Product Datasheet

Rabbit anti Human C1 esterase inhibitor, Clone: [Polyclonal], Monoclonal NMB-RAHU/CEI

Article Name	Rabbit anti Human C1 esterase inhibitor, Clone: [Polyclonal], Monoclonal
Biozol Catalog Number	NMB-RAHU/CEI
Supplier Catalog Number	RAHu/CEI
Alternative Catalog Number	NMB-RAHU/CEI
Manufacturer	NordicMubio
Host	Rabbit
Category	Antikörper
Product Description	The reactivity of the antiserum is restricted to C1 esterase inhibitor. In immunoelectrophoresis and dial immunodiffusion (Ouchterlony), using various antiserum concentrations against fresh normal human plasma a single precipitin line is obtained whi...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
UniProt	P05155
Buffer	Delipidated, heat inactivated, lyophilized, stable whole antiserum No preservative added. Total protein and IgG concentrations in the antiserum are comparable to those of normal pooled rabbit serum. No foreign proteins added. Reconstitute the lyophilized
Source	C1 esterase inhibitor is a single chain acid glycoprotein with a molecular weight of 110,000. The protein has a high carbohydrate content. In immunoelectrophoresis it ha an alpha mobility. The concentration in normal serum ranges from 150 to 350 µg/ml. R

Formula	Delipidated, heat inactivated, lyophilized, stable whole antiserum No preservative added. Total protein and IgG concentrations in the antiserum are comparable to those of normal pooled rabbit serum. No foreign proteins added.
Application Notes	Precipitation assays.
