| Host                       | Rabbit                                                                                                                                                                                                                                                           |
| Category                   | Antikörper                                                                                                                                                                                                                                                       |
| Product Description        | The reagents were evaluated for potency, purity and specificity using most or all of the following techniques: immunoelectrophoresis, cross-immunoelectrophoresis, single radial immunodiffusion (Ouchterlony), block titration, ELISA, immunoblotting and...    |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                       |
| Clone Designation          | [Polyclonal]                                                                                                                                                                                                                                                     |
| Buffer                     | Purified hyperimmune rabbit IgG antibodies lyophilised from a solution in phosphate buffered saline (PBS, pH 7.2), stabilized with dextran. No preservative added, as it may interfere with the antibody activity. No foreign protein added. It is reconstituted |
| Source                     | beta-Hydroxybutyrate dehydrogenase isolated and purified from Rhodopseudomonas spheroides. Freund's complete adjuvant is used in the first step of the immunization procedure.                                                                                   |

|                   |                                                                                                                                                                                                                                              |
