## Product Datasheet

### **Fab Mouse IgG (H&L) Antibody Peroxidase Conjugated, HRP, Rabbit, Polyclonal ROC-810-4302**

|                            |                                                                             |
|----------------------------|-----------------------------------------------------------------------------|
| Article Name               | Fab Mouse IgG (H&L) Antibody Peroxidase Conjugated, HRP, Rabbit, Polyclonal |
| Biozol Catalog Number      | ROC-810-4302                                                                |
| Supplier Catalog Number    | 810-4302                                                                    |
| Alternative Catalog Number | ROC-810-4302                                                                |
| Manufacturer               | Rockland Immunochemicals                                                    |
| Host                       | Rabbit                                                                      |
| Category                   | Antikörper                                                                  |
| Species Reactivity         | Mouse                                                                       |
| Immunogen                  | Mouse IgG whole molecule                                                    |
| Conjugation                | HRP                                                                         |
| Clonality                  | Polyclonal                                                                  |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                        |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                  |
| Form                       | Lyophilized                                                                 |
| Target                     | Mouse                                                                       |
| Antibody Type              | Secondary Antibody                                                          |
| Application Dilute         | ELISA: 1:62,000, IHC: 1:1,000 - 1:4,000, WB: 1:2,000 - 1:10,000             |

Application Notes

Fab Anti-MOUSE IgG (H&L) is suitable for immunoblotting (western or dot blot), ELISA, immunoperoxidase electron microscopy and immunohistochemistry as well as other peroxidase-antibody based enzymatic assays requiring extremely low background levels, abs
