## **Product Datasheet**

## Ac-CoA Synthase Inhibitor 1, CAS [[508186-14-9]] AMO-M9126

| Article Name               | Ac-CoA Synthase Inhibitor 1, CAS [[508186-14-9]]                                                                     |
|----------------------------|----------------------------------------------------------------------------------------------------------------------|
| Biozol Catalog Number      | AMO-M9126                                                                                                            |
| Supplier Catalog Number    | M9126                                                                                                                |
| Alternative Catalog Number | AMO-M9126-5MG,AMO-M9126-10MG                                                                                         |
| Manufacturer               | Abmole Bioscience                                                                                                    |
| Category                   | Biochemikalien                                                                                                       |
| Product Description        | Ac-CoA Synthase Inhibitor 1 (also known as ACSS2 Inhibitor), an anti-<br>virus agent, is a Ac-CoA Synthase Inhibitor |
| Molecular Weight           | 410.51                                                                                                               |
| Purity                     | 99.90%                                                                                                               |
| CAS Number                 | [508186-14-9]                                                                                                        |
| Formula                    | C20H18N4O2S2                                                                                                         |
| Target                     | Anti-infection                                                                                                       |
