| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Fusion protein amino acids 395-518 of human INPP4b (accession number O15327) produced recombinantly in E. Coli                                                                                                                                                |
| Conjugation                | FL650                                                                                                                                                                                                                                                         |
| Product Description        | Inositol polyphosphate 4-phosphatase type II is encoded by the gene INPP4B. INPP4B is a member of the inositol 3,4-bisphosphate 4-phosphatase family. INPP4B is an enzyme involved in phosphatidylinositol pathways. This enzyme catalyzes the hydrolysis ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                                     |

|                   |                                      |
|-------------------|--------------------------------------|
| Clone Designation | [N171/17]                            |
| Molecular Weight  | 100 kDa                              |
| Isotype           | IgG1                                 |
| UniProt           | <a href="#">O15327</a>               |
| Buffer            | PBS with 0.09% azide                 |
| Purity            | Purified by Protein A chromatography |
| Form              | Liquid                               |
| Target            | INPP4b                               |
| Antibody Type     | Primary Antibody                     |
