## Product Datasheet

### **InVivoPlus anti-mouse CD8alpha, Clone: [53-6.7], Rat, Monoclonal BXC-BP0004-1-5MG-INDUSTRIAL**

|                            |                                                                                      |
|----------------------------|--------------------------------------------------------------------------------------|
| Article Name               | InVivoPlus anti-mouse CD8alpha, Clone: [53-6.7], Rat, Monoclonal                     |
| Biozol Catalog Number      | BXC-BP0004-1-5MG-INDUSTRIAL                                                          |
| Supplier Catalog Number    | BP0004-1-5MG                                                                         |
| Alternative Catalog Number | BXC-BP0004-1-5MG                                                                     |
| Manufacturer               | Bio X Cell                                                                           |
| Host                       | Rat                                                                                  |
| Category                   | Antikörper                                                                           |
| Species Reactivity         | Mouse                                                                                |
| Immunogen                  | Mouse Spleen Cells or Thymocyte Membranes                                            |
| Clonality                  | Monoclonal                                                                           |
| Concentration              | Lot specific, typically between 4-11 mg/ml                                           |
| Clone Designation          | [53-6.7]                                                                             |
| Molecular Weight           | 150 kDa                                                                              |
| Pubmed                     | <a href=https://pubmed.ncbi.nlm.nih.gov/24446520 target=_blank rel=nofollow>24446520 |
| Target                     | CD8alpha                                                                             |
| Application Notes          | in vivo CD8+ T cell depletion, Immunofluorescence, Flow cytometry, Western blot      |
