## Product Datasheet

### Recombinant Proenkephalin (PENK), E. coli USC-RPD396MU01

|                            |                                                                                                |
|----------------------------|------------------------------------------------------------------------------------------------|
| Article Name               | Recombinant Proenkephalin (PENK), E. coli                                                      |
| Biozol Catalog Number      | USC-RPD396MU01                                                                                 |
| Supplier Catalog Number    | RPD396Mu01                                                                                     |
| Alternative Catalog Number | USC-RPD396MU01-10, USC-RPD396MU01-50, USC-RPD396MU01-100, USC-RPD396MU01-200, USC-RPD396MU01-1 |
| Manufacturer               | Cloud-Clone                                                                                    |
| Host                       | E. coli                                                                                        |
| Category                   | Proteine/Peptide                                                                               |
| Application                | Control, SDS-PAGE, WB                                                                          |
| Species Reactivity         | Mouse                                                                                          |
| Molecular Weight           | 48kDa                                                                                          |
| Tag                        | N-terminal His Tag                                                                             |
| UniProt                    | <a href="#">P22005</a>                                                                         |
| Buffer                     | PBS, pH7.4, containing 0.01% SKL, 1mM DTT, 5% Trehalose and Proclin300.                        |
| Source                     | Prokaryotic expression                                                                         |
| Expression System          | Prokaryotic expression                                                                         |
| Purity                     | > 95%                                                                                          |
| Form                       | Freeze-dried powder                                                                            |
