### Chemiluminescent Substrate Solution (AE Marker), Unconjugated ABS-ABK-001-2L

Article Name	Chemiluminescent Substrate Solution (AE Marker), Unconjugated
Biozol Catalog Number	ABS-ABK-001-2L
Supplier Catalog Number	ABK-001-2L
Alternative Catalog Number	ABS-ABK-001-2L
Manufacturer	AcroBiosystems
Category	Sonstiges
Conjugation	Unconjugated
Product Description	The chemiluminescence substrate solution is a simple triggering reagent for acridinium ester (AE) fast light emission. Acridinium ester is the most commonly used for protein labeling and widely used in automated instruments because of its high sensit...
Source	The chemiluminescence substrate solution is a simple triggering reagent for acridinium ester (AE) fast light emission. Acridinium ester is the most commonly used for protein labeling and widely used in automated instruments because of its high sensitivit
Form	Solid
Application Notes	The chemiluminescence substrate solution is used to trigger acridinium ester labels to give a quite rapid light emission in chemiluminescence technology.
