| Product Description        | This gene encodes the folypolyglutamate synthetase enzyme. This enzyme has a central role in establishing and maintaining both cytosolic and mitochondrial folypolyglutamate concentrations and, therefore, is essential for folate homeostasis and the ... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                  |
| Concentration              | 1ug/ul                                                                                                                                                                                                                                                      |
