| Category                   | Proteine/Peptide                                                                                                                                                                            |
| Application                | WB                                                                                                                                                                                          |
| Molecular Weight           | 46.8 kDa                                                                                                                                                                                    |
| Buffer                     | PBS, pH7.4                                                                                                                                                                                  |
| Source                     | E. coli                                                                                                                                                                                     |
| Purity                     | >95% as determined by SDS-PAGE.                                                                                                                                                             |
| Form                       | Lyophilized                                                                                                                                                                                 |
| Application Notes          | This protein carries a GST tag at the N-terminus. The protein has a calculated MW of 46.8 kDa. The protein migrates as 45 kDa under reducing (R) condition (SDS-PAGE) due to glycosylation. |
