| Manufacturer               | ProSci                                                                                                                                                                                                     |
| Category                   | Proteine/Peptide                                                                                                                                                                                           |
| Application                | ELISA, WB                                                                                                                                                                                                  |
| Molecular Weight           | 94.8 kDa                                                                                                                                                                                                   |
| NCBI                       | <a href="#">2065</a>                                                                                                                                                                                       |
| UniProt                    | <a href="#">P21860</a>                                                                                                                                                                                     |
| Buffer                     | PBS, pH7.4                                                                                                                                                                                                 |
| Source                     | HEK293 cells                                                                                                                                                                                               |
| Purity                     | >95% as determined by SDS-PAGE.                                                                                                                                                                            |
| Form                       | Lyophilized                                                                                                                                                                                                |
| Application Notes          | This protein carries a human IgG1 Fc tag at the C-terminus. The protein has a calculated MW of 94.8 kDa. The protein migrates as 116-130 kDa under reducing (R) condition (SDS-PAGE) due to glycosylation. |
