| Host                       | Rabbit                                                                                                 |
| Category                   | Antikörper                                                                                             |
| Application                | IF                                                                                                     |
| Species Reactivity         | Other                                                                                                  |
| Immunogen                  | 101-200/367                                                                                            |
| Conjugation                | AbFluor 488                                                                                            |
| Product Description        | The circumsporozoite protein is the immunodominant surface antigen on the sporozoite....               |
| Clonality                  | Polyclonal                                                                                             |
| Concentration              | 1ug/ul                                                                                                 |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.03% Proclin300 and 50% Glycerol. |
| Source                     | KLH conjugated synthetic peptide derived from Plasmodium yoelii CSP                                    |

|                    |                                                             |
|--------------------|-------------------------------------------------------------|
| Purity             | Purified by Protein A.                                      |
| Target             | CSP                                                         |
| Application Dilute | IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200) |
