| Immunogen                  | 101-200/304                                                                                                                                                                                                                   |
| Conjugation                | Cy3                                                                                                                                                                                                                           |
| Product Description        | Synthesizes the second messengers cyclic ADP-ribose and nicotinate-adenine dinucleotide phosphate, the former a second messenger for glucose-induced insulin secretion. Also has cADPr hydrolase activity (By similarity).... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                    |
| Concentration              | 1ug/ul                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">12494</a>                                                                                                                                                                                                         |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.03% Proclin300 and 50% Glycerol.                                                                                                                       |

|                    |                                                                                            |
