| Product Description        | Rose bengal lactone is a multifunctional dye. Dyes are important tools in biological experiments. They can help researchers observe and analyze cell structures, track biomolecules, evaluate cell functions, distinguish cell types, detect biomolecules,... |
| Molecular Weight           | 973.67                                                                                                                                                                                                                                                        |
