Product Datasheet

Recombinant VIM Antibody / Vimentin, Clone: [rVIM/6914], Mouse, Monoclonal NSJ-V9616-20UG

| | |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Article Name | Recombinant VIM Antibody / Vimentin, Clone: [rVIM/6914], Mouse, Monoclonal |
| Biozol Catalog Number | NSJ-V9616-20UG |
| Supplier Catalog Number | V9616-20UG |
| Alternative Catalog Number | NSJ-V9616-20UG |
| Manufacturer | NSJ Bioreagents |
| Host | Mouse |
| Category | Antikörper |
| Application | IHC-P, WB |
| Species Reactivity | Human |
| Immunogen | A portion of amino acids 366-466 was used as the immunogen for the recombinant VIM antibody. |
| Product Description | When used in conjunction with anti-keratin staining, anti-vimentin staining is helpful when distinguishing melanomas from undifferentiated carcinomas and large cell lymphomas. All melanomas and Schwannomas react strongly with anti-vimentin. It labels... |
| Clonality | Monoclonal |
| Clone Designation | [rVIM/6914] |
| UniProt | P08670 |

| | |
|--------------------|------------------------------------------------------------------------------------------|
| Purity | Protein A/G affinity |
| Form | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide |
| Antibody Type | Primary Antibody |
| Application Dilute | Immunohistochemistry (FFPE): 1-2ug/ml, Western blot: 1-2ug/ml |
| Application Notes | Optimal dilution of the recombinant VIM antibody should be determined by the researcher. |
