| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ICC, IHC, IP, WB                                                                                                                                                                                                                                              |
| Species Reactivity         | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                  | Range: Gln443 - Gln685                                                                                                                                                                                                                                        |
| Product Description        | Involved in innate immunity against invading pathogens. Adapter used by TLR3 and TLR4 (through TICAM2) to mediate NF-kappa-B and interferon-regulatory factor (IRF) activation, and to induce apoptosis. Ligand binding to these receptors results in TRIF... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 76 kDa                                                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">148022</a>                                                                                                                                                                                                                                        |
| UniProt                    | <a href="#">Q8IUC6</a>                                                                                                                                                                                                                                        |

Form

Liquid. 0.01M PBS, pH7.4, containing 0.05% Proclin-300, 50% glycerol.
