| Product Description        | Human Complement Component 7 (C7) ELISA Kit for detecting C7 in serum, plasma, tissue homogenates, cell lysates, cell culture supernates, other biological fluids. Species Reactivity: Human (Homo sapiens). Detection Range: 6.25-400ng/ml. Sensitivity: ... |
| Range                      | 6.25-400ng/ml                                                                                                                                                                                                                                                 |
| Sensitivity                | 2.43ng/ml                                                                                                                                                                                                                                                     |
