## **Product Datasheet**

## RecombiMAb anti-mouse PD-1 (CD279), Clone: [RMP1-14-CP162], Mouse, Recombinant BXC-CP162-50MG-INDUSTRIAL

| Article Name               | RecombiMAb anti-mouse PD-1 (CD279), Clone: [RMP1-14-CP162], Mouse, Recombinant                  |
|----------------------------|-------------------------------------------------------------------------------------------------|
| Biozol Catalog Number      | BXC-CP162-50MG-INDUSTRIAL                                                                       |
| Supplier Catalog Number    | CP162-50MG                                                                                      |
| Alternative Catalog Number | BXC-CP162-50MG                                                                                  |
| Manufacturer               | Bio X Cell                                                                                      |
| Host                       | Mouse                                                                                           |
| Category                   | Antikörper                                                                                      |
| Species Reactivity         | Mouse                                                                                           |
| Immunogen                  | Syrian Hamster BKH cells transfected with mouse PD-1 cDNA                                       |
| Clonality                  | Recombinant                                                                                     |
| Concentration              | Lot specific,typically between 4-11 mg/ml                                                       |
| Clone Designation          | [RMP1-14-CP162]                                                                                 |
| Molecular Weight           | 150 kDa                                                                                         |
| Target                     | PD-1                                                                                            |
| Application Notes          | in vivo blocking of PD-1/PD-L signaling*, *Reported for the original rat IgG2a RMP1-14 antibody |
