| Category                   | Proteine/Peptide                                                                                                                     |
| Application                | SDS-PAGE                                                                                                                             |
| Product Description        | Human THAP7 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-309aa. Application(s): SDS-PAGE, Denatured.... |
| Concentration              | 1mg/ml (determined by Bradford assay)                                                                                                |
| Molecular Weight           | 36.8 kDa (332aa)                                                                                                                     |
| Tag                        | His-Tag                                                                                                                              |
| UniProt                    | <a href="#">Q9BT49</a>                                                                                                               |
| Buffer                     | 20mM Tris-HCl buffer (pH 8.0) containing 10% glycerol, 0.4M urea                                                                     |
| Source                     | E. coli                                                                                                                              |
| Purity                     | > 85% by SDS-PAGE                                                                                                                    |
| Form                       | Liquid                                                                                                                               |
