Product Datasheet

Anti-iASPP (RABBIT) Antibody, Rabbit, Polyclonal ABT-ASR5349

Article Name	Anti-iASPP (RABBIT) Antibody, Rabbit, Polyclonal
Biozol Catalog Number	ABT-ASR5349
Supplier Catalog Number	ASR5349
Alternative Catalog Number	ABT-ASR5349-100UG
Manufacturer	Abcepta
Host	Rabbit
Category	Antikörper
Species Reactivity	Human
Immunogen	This affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to an internal region near amino acids 775-800 of human iASPP (isoform 1) protein.
Product Description	ASPP proteins (ASPP1, ASPP2 and iASPP) represent a new family of p53 binding proteins. ASPP1 and ASPP2 bind and enhance p53-mediated apoptosis. In contrast, the third member, iASPP, functionally inactivates p53. iASPP (also called protein phosphatase...
Clonality	Polyclonal
Concentration	1.1mg/mL
UniProt	Q8WUF5
Buffer	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

Purity	This affinity-purified antibody is directed against the human iASPP protein. The product was affinity purified from monospecific antiserum by immunoaffinity purification. A BLAST analysis was used to suggest cross reactivity with iASPP proteins from huma
Application Notes	This affinity purified antibody has been tested for use in ELISA, immunohistochemistry and by western blot. Specific conditions for reactivity should be optimized by the end user. Expect bands approximately 100 kDa and 50 kDa in size corresponding to iso
