| Manufacturer               | TargetMol                                                                                                                                                        |
| Category                   | Biochemikalien                                                                                                                                                   |
| Product Description        | PROTAC Bcl2 degrader-1 is a PROTAC, which potently and selectively induces the degradation of Mcl-1 (IC50: 11.81 µM) and Bcl-2 (IC50: 4.94 µM, DC50: 3.0 µM).... |
| Molecular Weight           | 941.84                                                                                                                                                           |
| CAS Number                 | [2378801-85-3]                                                                                                                                                   |
| Formula                    | C45H45BrN6O10S                                                                                                                                                   |
| Target                     | BCL   PROTACs                                                                                                                                                    |
