| Product Description        | Anti-SARS-CoV-2 NSP7 Antibody...                                                      |
| Clonality                  | Polyclonal                                                                            |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.             |
| Molecular Weight           | 140 kDa, 130 kDa, 110 kDa                                                             |
| Sensitivity                | > 5000 cells                                                                          |
| UniProt                    | <a href="#">P0DTC1</a>                                                                |

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| Buffer            | Lyophilized                                                                                       |
| Form              | Lyophilized                                                                                       |
| Application Notes | ELISA, 0.001-0.1µg/ml, Human. Add 0.2ml of distilled water will yield a concentration of 500ug/ml |
