| Category                   | Proteine/Peptide                                                                                                                                                                                                                                               |
| Product Description        | This product includes lysate of HEK293T cells that have been transiently-transfected with Human PMP2 (NM_002677), cells transfected with the vector alone, and a reducing buffer for SDS-Page gel loading. Cells were lysed using Modified RIPA buffer (25m... |
| Concentration              | 1 mg/ml                                                                                                                                                                                                                                                        |
| Molecular Weight           | 14.7 kDa                                                                                                                                                                                                                                                       |
