| Host                       | Rabbit                                                                                                                                                                                                              |
| Category                   | Kits/Assays                                                                                                                                                                                                         |
| Application                | FC, IF, WB                                                                                                                                                                                                          |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                   |
| Conjugation                | AbFluor 680                                                                                                                                                                                                         |
| Product Description        | This multifunctional protein catalyzes the formation, breakage and rearrangement of disulfide bonds. At the cell surface, seems to act as a reductase that cleaves disulfide bonds of proteins attached to the cell |
| Clonality                  | Recombinant                                                                                                                                                                                                         |
| Concentration              | Lot dependent                                                                                                                                                                                                       |
| NCBI                       | 5034                                                                                                                                                                                                                |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                              |

| Source             | KLH conjugated synthetic peptide derived from human PDI |
|--------------------|---------------------------------------------------------|
| Purity             | Purified by Protein A.                                  |
| Target             | P4HB                                                    |
| Application Dilute | WB(1:300-5000), FCM(1:20-100), IF(ICC)(1:50-200)        |
