## Goat anti-Frizzled 2 EVE-EB08353

| Article Name               | Goat anti-Frizzled 2              |
|----------------------------|-----------------------------------|
| Biozol Catalog Number      | EVE-EB08353                       |
| Supplier Catalog Number    | EB08353                           |
| Alternative Catalog Number | EVE-EB08353                       |
| Manufacturer               | Everest                           |
| Host                       | Goat                              |
| Category                   | Antikörper                        |
| Application                | IF, ELISA, WB, IHC                |
| Species Reactivity         | Human                             |
| Immunogen                  | RYATLEHPFHCPR                     |
| Clonality                  | Polyclonal                        |
| Molecular Weight           | 63,6                              |
| NCBI                       | 2535, 57265 (mouse), 64512 (rat), |
| Purity                     | Antigen affinity purified         |
| Sequence                   | RYATLEHPFHCPR                     |
| Target                     | Goat anti-Frizzled 2 Antibody     |

| Application Dilute | Peptide ELISA: antibody detection limit dilution 1:64000. Western<br>Blot: Approx 60-65kDa band observed in Human Heart and Placenta<br>lysates (calculated MW of 63.6 kDa according to NP_001457.1) An<br>additional band of approx. 24kDa was also observed in some |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                    | auditional band of approx. 24kDa was also observed in some                                                                                                                                                                                                            |
