## Product Datasheet

**Sheep anti Atrazine, Clone: [Polyclonal]  
NMB-S52S**

|                            |  |
|----------------------------|--|
| Article Name               | Sheep anti Atrazine, Clone: [Polyclonal]   |
| Biozol Catalog Number      | NMB-S52S   |
| Supplier Catalog Number    | S52s   |
| Alternative Catalog Number | NMB-S52S   |
| Manufacturer               | NordicMubio  |
| Host                       | Sheep  |
| Category                   | Zellen/Zellkultur  |
| Application                | ELISA, IAC   |
| Immunogen                  | BSA-atrazine conjugate   |
| Product Description        | Atrazine is a herbicide against pre- and post-emergence broadleaf and grassy weeds. It is a very persistent compound and it has been banned in the EU since 2004. Its main toxic effect is as endocrine disruptor...   |
| Clonality                  | Monoclonal   |
| Clone Designation          | [Polyclonal]   |
| Buffer                     | Each vial contains 0.1 ml of serum containing 0.02% sodium azide.  |
| Source                     | Sheep immune serum   |
| Application Notes          | Depending on conjugate: dilution 1/2,000 . (The titer is defined as the dilution that gives 50 % of the absorbance from the maximum absorbance when tested with ELISA). Suggested concentration to use in ELISA: 1/2,000 from the delivered solution. Plates a |
