## Product Datasheet

### **Swine anti Human IgG IgA IgM (heavy and light chains), Clone: [Polyclonal], Porcine, Monoclonal NMB-SWAHU/IG**

Article Name	Swine anti Human IgG IgA IgM (heavy and light chains), Clone: [Polyclonal], Porcine, Monoclonal
Biozol Catalog Number	NMB-SWAHU/IG
Supplier Catalog Number	SwAHu/Ig
Alternative Catalog Number	NMB-SWAHU/IG
Manufacturer	NordicMubio
Host	Porcine
Category	Antikörper
Product Description	The reactivity of the antiserum is directed to the major isotypes of the human immunoglobulin system (classes and both light chain types) including antibodies to common determinants, to class and to the surface determinants of the common Fab portion,...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
Buffer	Delipidated, heat inactivated, lyophilized stable whole serum. No preservative added, as it may interfere with the antibody activity. No foreign protein added. Total protein and IgG concentration in the antiserum are comparable to those of pooled swine s
Source	Purified normal IgG and fractions containing IgA, and IgM isolated from human serum. Freund's complete adjuvant is used in the first step of the immunization procedure.

Formula	Delipidated, heat inactivated, lyophilized stable whole serum. No preservative added, as it may interfere with the antibody activity. No foreign protein added. Total protein and IgG concentration in the antiserum are comparable to those of pooled swine s
Application Notes	Precipitation assays. In immunoelectrophoresis use 2 µl or equivalent against 120 µl antiserum. In double radial immunodiffusion use a rosette arrangement with 10 µl antiserum in a 3 mm diameter centre well and 2 µl serum samples (neat and diluted) in 2
