| Product Description        | ELISA Flex kit for quantification of IL-2 in solution, The monkey IL-2 ELISA Flex kit is ideal for users who want the flexibility of setting up their own ELISA assay. This product enables quantification of monkey IL-2 in solution, e.g. in cell cultur...                                                                                                                                                             |
| Range                      | 4-400 pg/ml                                                                                                                                                                                                                                                                                                                                                                                                               |
